SAN FRANCISCO IS MASS OF DEBRIS; NOT A BUSINESS HOUSE STANDS

Property Loss Is Estimated at $200,000,000.

500 PEOPLE LOSE LIVES

BIG BUILDINGS CRUMBLED INTO HEAPS OF DEBRIS—FACTORIES AND BUSINESS HOUSES LIE SMOULDERING ON FORMER SITES—CITY NOW UNDER MARTIAL LAW—WAR DEPARTMENT AIDING UNFORTUNATE PEOPLE. CITY IS DOOMED.

San Francisco, April 20—Day dawned on a scene of death and destruction. During the night the flames had consumed many of the city's finest structures, and skipped in a dozen directions to the residence portions. They made their way over into the North Beach section, and springing anew to the south, they reached out along the shipping section down the bay shore over the hills and across toward Third and Townsend streets.

Warehouses and manufacturing concerns fell in their path. This completed the destruction of the entire district known as the "south of Market street."

How far they are reaching to the south across the channel cannot be told, as this part of the city is shut off. After darkness thousands of homeless were making their way with their blankets and scant provisions to Golden Gate park, and the beach, to find shelter. Those in the homes of the hills just north of the Hayes valey wrecked section, piled their belongings in the streets and express wagons and automobiles were used in hauling the things away to the sparsely settled regions.

Down town, everything is in ruins. Not a business house stands. Big buildings are crumbled into heaps of debris. Factories and business houses lie smouldering on their former sites. All of the newspaper plants have been rendered useless.

It is estimated that the loss in San Francisco will reach from $150,000,000 to $200,000,000. These figures are in the rough, and nothing can be told until partial accounting is taken.

On every side there was death and suffering. Hundreds were injured, being either burned, crushed or struck by falling pieces from the buildings. The number of dead is not known, but it is estimated that at least 500 met their death in the horror.

At 9 o'clock under a special message from President Roosevelt, the city was placed under martial law. Hundreds of troops patrolled the streets and drove the crowds back, while hundreds more were set at work assisting the police and fire departments. The strictest orders were issued, and in true military spirit the soldiers obeyed. During the afternoon three thieves met their death by rifle bullets while at work in the ruins. The curious were driven back at the breasts of the horses that the cavalrymen rode, and all the crowds were forced from the level district to the hilly section beyond to the north.

The water supply was entirely cut off, and maybe it was just as well, for the lines of the fire department would have been absolutely useless at any stage of the conflagration.

Assistant Chief Dougherty supervised the work of his men, and early in the morning it was seen that the only possible chance to save the city lay in an effort to check the flames by the use of dynamite.

All during the day explosions could be heard in every section of the city at intervals of only a few seconds, and the buildings not destroyed by the flames were blown to atoms. Though the efforts of the firemen, police and soldiers to check the flames was sickening, the work was continued with a desperation that will live as one of the features of the terrible disaster. Passengers on trains from other cities in California bring details of destruction and death from nearly all of them.

Funston Orders Rations.

Washington, April 20.—The war department Thursday received the following telegram from General Funston, dated at San Francisco, April 19:

"Your four dispatches received. I have already filed several for you. Impossible now to inform you as to full extent of disaster. City practically destroyed. Troops have been aiding the police in patrolling and maintaining order. Martial law has not been declared. Working in conjunction with civil authorities. Have not interfered with the sending of any dispatches. You cannot send too many tents or rations. About 200,000 people homeless. Food very scarce, the provision houses being all destroyed with contents. All government buildings in city gone."

Relief Stations Opened.

Oakland, Calif., April 20.—Thousands of refugees rendered homeless by the terrible calamity which has overtaken San Francisco have come to this city. On learning of this, the realty syndicate at once offered Idora park for the use of those left without shelter by the earthquake. The offer has been gratefully accepted by the police and fire departments, and 200 cots have been placed in the theater for the use of the refugees. Relief stations have also been opened at the city hall, and at the various public parks throughout the city. Other relief stations have been established in such of the churches throughout the city as are considered safe for use as such.

Will Lend All Possible Aid.

Washington, April 20.—The department of commerce and labor will lend all possible aid to the San Francisco sufferers so far as its facilities extend. In dispatches to the lighthouse inspector in San Francisco and to officials of the fish commission, Secretary Metcalf has directed the lighthouse tender Madrono and the United States steamship Albatross to go at once to the stricken city and do everything practicable to aid the sufferers.

200,000 Rations Ordered.

Washington, April 20.—Prompt action has been taken by the war department in extending to the earthquake sufferers of San Francisco all the available resources at its command to relieve the wants of the distressed, and to provide shelter for the homeless. Two hundred thousand rations have been directed to be sent from Vancouver barracks to San Francisco, and a large number of tents from Vancouver and other army posts.

Fire Engines Useless.

Washington, April 20.—The war department on Thursday received the following bulletin from the Western Union Telegraph company: "Outside cities have been sending fire engines to San Francisco to assist in subduing the flames, but it was found useless here. It is estimated that there are now returning to Oakland and other points. The firemen report the city doomed."

Shocks Recorded in Italy.

Rome, April 20.—The seismographs in the observatories throughout Italy on Wednesday recorded distant earthshocks. Those of the observatory at Florence, which has the most perfect instruments, indicated that an earthquake had been felt at a distance of of 7,000 miles. The shocks were so severe that they injured the instruments.

Pacific Squadron Safe.

Washington, April 20.—A telegram received at the navy department on Thursday morning from the commander of the Pacific squadron sent since the earthquakes, reports all is well with his squadron.

Telegraph Their Sympathy.

Sydney, N. S. W., April 20.—The premiers of New South Wales and Victoria have conjointly cabled to President Roosevelt their sympathy with the United States in the disaster at San Francisco.

WHITE MAN CHARGED WITH ASSAULTING GIRL

Caught by Posse And Delivered To Police.

MAKES STATEMENT OF AFFAIR

At Time of the Arrest Threats Were Made to Lynch the Young Man, But Cooler Heads Controlled the Situation.

Atlanta, April 20.—Evan Waters, a young man employed as watchman on a steam shovel located on the Atlanta and West Point railroad, a short distance beyond the Lakewood car line, is locked in the Tower, charged with assaulting Miss Ruth Weaver, the 15-year-old daughter of C. C. Weaver, a tinner, whose home is on Little street in South Atlanta.

Relatives of the young girl assert that Waters assaulted her and left her in a serious condition. Waters was arrested about 12 o'clock Wednesday night by County Policeman Wright and City Policeman Mann.

When seen Thursday morning the young man seemed very nervous and declared that while he had been in the girl's company, it was with her consent. Waters' statement follows:

"I am 20 years old. I came to Atlanta on Jan. 15 from Coatesville, Pa., and have been employed as watchman on the A. and W. P. steam shovel. I have, on several occasions, noticed the young Weaver girl pass the shovel to and from school. Wednesday afternoon I engaged her in conversation and invited her into the shanty of the shovel. She followed me without hesitation. After we left the shanty I walked a short distance up the track with her. I did not know there was any charge against me until late Wednesday night, when the officers and the young lady's relatives came to the shovel and put me under arrest."

A warrant has been sworn out against Waters charging him with criminal assault.

The first information of the alleged crime is said to have come from Waters himself. The young man is reported to have telephoned J. E. Fitzgerald, a workman on the steam shovel, and confessed to him what he had done, at the time declaring that he was arranging to skip out. Fitzgerald is said to have at once notified Miss Weaver's father and organized a searching party. A short while later Waters was found on the steam shovel. At the time of the arrest threats were made to lynch the young man, but cooler heads controlled the situation, and the officers were allowed to bring their prisoner to police headquarters.

$10,000,000 for 'Frisco Banks.

Washington, April 20.—The secretary of the treasury has authorized the telegraphic transfer of $10,000,000 from the subtreasury of New York, to San Francisco. The cash will be deposited in New York and immediately paid out on the order of San Francisco banks entitled to the same.

Interest Felt in London.

London, April 20.—The calamity which has befallen the people of San Francisco overshadows in interest all topics in the newspapers here. All the papers publish long special dispatches describing the terrible effects of the earthquake.

United States Mint is Safe.

Washington, April 20.—The United States mint at San Francisco escaped serious damage from the earthquake, and the resulting conflagration, and its stock of gold and silver bullion, amounting to $29,000,000, is safe.

Caused Sorrow at Rome.

Rome, April 19.—The news of the earthquake in San Francisco and its vicinity caused a great deal of sorrow here. It is estimated tha there are over 2,000 Californians now visiting Italy.

2,500 Tents Shipped to 'Frisco.

Philadelphia, April 20.—The quartermaster's department in this city has shipped to San Francisco 2,500 tents, all that were available.

SANTA ROSA IS A TOTAL WRECK; SUFFERS SAME FATE AS 'FRISCO

All Ten Cases Dismissed.

Waycross, Ga., April 20.—At the November term of Ware superior court the grand jury returned indictments against every druggist in Waycross for selling a certain patent medicine. At the present term of court the druggists were brought up before Judge Parker under this charge and upon the recommendation of Solicitor Bennett the cases were dismissed by the druggists agreeing to pay the cost in each case. The costs aggregate about $22 on each indictment and this sum was paid by the druggists in settlement of the cases against them. Judge Parker stated that it was against the law to sell the midicine in Waycross, and agreed to nol prosse the cases against the druggists, only upon their assurance that they would not sell the medicine again.

Governor Aycock Declines

Washington, April 20.—Senator Simmons, of North Carolina, has presented to President Roosevelt the declination of former Governor Aycock, of that state, who was appointed by the president to serve as a member of the pan-American conference, which is to be held in Rio de Janeiro. Senator Simmons asked the president to appoint Governor Aycock, but it appears now that he did not consult with Governor Aycock. He assigned as his reason for declining, that he is so busily engaged with important matters that he cannot undertake the additional work.

Child Killed by Train.

Waycross, Ga., April 20.—The Atlantic Coast Line passenger train from Brunswick to Waycross, ran over and killed a little child of Mr. Middleton, at Coldridge, near Waynesville, Wednesday. From information obtained from passengers who came in on the train, it appears that the little tot, who was only about eighteen or nineteen months old, stepped in front of the swiftly moving train before the engineer knew it was anywhere about and the child was knocked from the track and killed before the train could be stopped.

Sues for Husband's Death.

Hartwell, Ga., April 20.—Mrs. Annie Ellenburg, through her attorneys, T. G. Dorough, of Royston, and Z. B. Rogers, of Elebrton, has filed suit in the city court of Hartwell against the Southern Railway company for $20,000 damages for the death of her husband, William J. Ellenburg, which occurred last year. Ellenburg was bailiff of Ray's district, in this county, and on going to his home it seems he was walking along the railroad track at night just in frfont of the farm residence of F. J. Pullin, in Rays district, and was killed.

Tragic Death on Railway.

Atlanta, April 20.—While getting out of the way of his own train on the Southern railway between Foundry and Magnolia streets, George Williams, a switchman stepped in front of another engine and was terribly mutilated before any move could be made to save his life. There were a number of eyewitnesses of Williams' death, but everything happened so quickly that no help could be given. He had just opened a switch for his own engine, and with his back to the other engine, he did not hear it coming.

Fatal Speed Trial.

Malta, April 20.—Three members of the crew of the British battleship Prince of Wales, were killed and four were injured by a boiler explosion while the vessel was undergoing her speed trials. The connecting rod bolts on the high pressure engine and the top cylinder cover were fractured.

Points to Murder.

Wooster, O., April 20.—James Drennan disappeared mysteriously from his home here two weeks ago. He had considerable money on his person. His blood-stained clothing has been found in an empty box car at New Berlin, O. It is believed he was murdered by tramps.

Earthquake Renders 10,000 People Homeless

THOUSANDS REPORTED KILLED

Business Portion of City Tumbled Into Ruins—What Was Not Destroyed by Earthquake, Was Swept by Fire. People Flee for Open Fields.

San Francisco, April 20.—Reports from the interior are most alarming.

Santa Rosa, one of the prettiest cities of the state, in the prosperous county of Sonoma, is a total wreck.

There are 10,000 homeless men, women and children huddled together. The loss of life is not to be estimated. It will probably reach the thousands.

As the last great seismic tremor spent its force in the earth, the whole business portion tumbled to ruins. The main street sank many feet deep with the fallen buildings.

The destruction includes all of the county buildings. A four-story courthouse, is merely a pile of broken masonry. Nothing is left.

What was not destroyed by the earthquake, was swept by fire.

Until the flames started, there was hope of saving the residence district. It was soon apparent that any such idea that might have been entertained was to be abandoned.

This was appreciated by the citizens and they prepared to desert their homes. Not even their household goods were taken. They made for the open fields and hills, to watch the destruction of one of the most beautiful cities of the west.

Messengers bring the saddest tidings of the destruction of Healdsburg, Geyserville, Cloverdale, Hopeland and Ukiah. This report takes in the country as far north as Mendorino and Lake counties, and as far west as the Pacific ocean. These are frontier counties, and have not as large towns as farther south.

In every case the loss of life and property is as shocking as here.

Lieutenant Pullis Injured.

San Francisco, April 19, via Oakland—Lieutenant Charles C. Pullis, commanding the Twenty-fourth company of light artillery, was blown up by a charge of dynamite at Sixth and Jesse streets, and was fatally injured. He was taken to the Mill hospital at the Presidio. He had a fractured skull, and several bones were broken and internal injuries.

Germany Will Give Aid.

Berlin, April 20.—All the morning newspapers deal sympathetically with the situation arising from the earthquake in San Francisco. The Tageblatt says it is certain that the entire German people will evince their sincerest sympathy with the stricken city and intimates that money to assist the needy probably will be raised in Germany.

After Shocks Recorded at Washington.

Washington, April 20.—The weather bureau on Thursday issued the following bulletin: "Two small after-shocks of the San Francisco earthquake were recorded on the seismograph at the United States weather bureau, Washington, D. C., during the night of April 18th, and the morning of the 19th."

$4,000,000 in Gold Transferred.

New York, April 20.—The National Park bank on Thursday transferred to San Francisco through the subtreasury between $3,000,000 and $4,000,000 gold. M. Guggenheim's Sons have notified General Funston that they had contributed $50,000 for the relief of the San Francisco sufferers.

House Appropriate $1,000,000.

Washington, April 20.—The senate resolution appropriation carrying $600,000 for the relief of the San Francisco earthquake sufferers, was amended by the house committee on appropriations—the amount being increased to one million dollars.

FRIDAY'S WORK AT THE TABERNACLE

The Abel Concert Company Enjoyed a Big House.

A VERY PLEASING SURPRISE

At the Conclusion of the Evening's Exercises Mayor Thomas, in Behalf of the Citizens, Presented Dr Strouse With a Loving Cup.

The concert Friday afternoon by the Abel Orchestra was a rich musical treat and was heartily enjoyed by the audience from start to finish. There were no poor numbers, and the music was fit for the most critical. The clarinet solo by Mr. F. G. Dana was a masterpiece. He brings forth a pure tone on his instrument and his execution places him in the front rank of clarinet soloists. His selection from "La Somnambula," although very difficult, was played without the slightest break from the sweet harmony of the number. The singing of little Miss Till was in keeping with her recitations—remarkable for her age. Director Abel is deserving of the thanks of our people for his fine music.

The evening program of the Abel concert was a musical feast, with the added attraction of Miss Edith Floyd Durrance, the charming soprano soloist. She made her appearance for the first time and was most heartily received. She has a well trained voice and is a very accomplished singer. Mr. Claude Barker, the cornet soloist, again demonstrated his fine qualities as a concert performer, his tones being of a high order and his tonguing very fine. The Abel Orchestra does not need to be praised. Every selection with the label of Conductor Abel is guaranteed. The evening program was a first-class one.

[Auditing Committe's Report.

The auditing committee, through Dr. J. F. McKinstry, Jr., reported as follows during the intermission:

"We, the undersigned auditing committee, in pursuance of request made by Dr. Strouse at the meeting of the local committee of arrangements held at the opening of the Bible Conference, have carefully audited the accounts of Mr. Ferd Bayer, secretary and treasurer, and find all moneys received and paid out accounted for with proper vouchers and a complete statement.

"We wish to commend the management of the Conference as wonderfully economical when we consider that many outside bills, including two years' interest on the debt, painting the Tabernacle, $50 balance on bill for wiring same, insurance, and old unpaid accounts to the amount of $550, were paid out of this year's free-will offerings; the result is remarkable.

"We desire to record the fact that Dr. Strouse would not receive one cent for his services which have made the Conference the great success it is.

"We wish further to commend Dr. Strouse's liberal and considerate attitude towards our citizens and pastors and this committee.

"We feel that the continued success of the Conference depends upon Dr. Strouse and that he should continue to manage the affairs in the future as he has in the past.

"We believe the amounts paid to speakers individually should be a private matter with the committee, especially as their service in this capacity is very considerably out of personal friendship for Dr. Strouse.

"Dr. Strouse deserves our gratitude and confidence, both of which he has to the fullest degree.

"W. B. TAYLOR,
"G. W. HYDE,
"W. R. THOMAS,
"J. F. McKINSTRY, JR.,
"Auditing Committee."

Honor to Dr. Strouse.

At the conclusion of the evening program Mayor Thomas ascended the rostrum, and, facing Dr Strouse, presented him in the name of the citizens of Gainesville with a beautiful silver loving cup, gold lined, with the following inscription:

Presented to
Clarence B. Strouse, Ph.D.
By the Citizens of Gainesville, Florida,
in Loving Recognition of the
Many Blessings His Unselfish Efforts Have
Brought Our City.
1906.

This cup stands about fourteen inches high, and is a work of art.

Mayor Thomas' Remarks.

In presenting the cup, Mayor Thomas said:

"Brother Strouse: It is an exceedingly pleasant duty that has been assigned to me this evening, but one I could well wish I were better able to perform. I am the bearer to you of a message and a token from our people.

"It is needless for me to multiply words in vain attempt to express to you the high regard and esteem in which you are held by the citizens of Gainesville, who are proud and happy to recognize in you a devoted and generous friend to our beautiful little city. I wish to say to you tonight, and in so saying I speak the unanimous sentiment of our people, that we are not unappreciative nor unmindful of the large debt of gratitude we owe you.

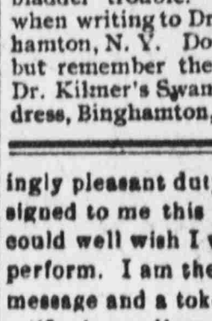
"In proof of which, permit me, not in discharge of such debt, but as a perpetual testimony to its existence and as a continual reminder of it, to present to you, in the name and on behalf of our citizens, this loving cup, filled to the shining brim with the pure, rich, fragrant wine of their sincere and everlasting affection and esteem. May God's choicest blessings go and abide with you and yours to the end."

Dr. Strouse admitted in reply that he was completely surprised, and was almost too full for utterance, but expressed in his usual impressive manner his appreciation of the affection and love and good-will of the people of the city, and added that he would always cherish the gift with all sacredness. He was given hearty applause.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.



The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MR. S. V. DUKE ACKNOWLEDGES MISTAKE

Withdraws Affidavit and Makes Public Apology.

REGRETS OCCURRENCE DEEPLY

Judge Cromwell Gibbons Also Exonerates Senator McCreary From Improper Conduct in Matter of Passage of Bill Refunding License Money.

The following letters, which were voluntarily left at The Sun office by J. H. Truby, son-in-law of S. V. Duke, explain themselves:

"Hon. H. H. McCreary,
"Gainesville, Fla.

"Dear Sir:—In making the affidavit that you published relative to your receiving a share as your fee while in the Senate, permit me to say that I did so with the firm belief in my mind that such was the case; but since then have received information that no fee was ever offered or paid to you, and I take this means of extending you my apology, and to express my deep regret that such a controversy did arise.

"I also send for publication a letter from Hon. Cromwell Gibbons to Mr. Truby, which explains itself. This letter being purely a personal one, would suggest that you get consent of Judge Gibbons if you wish it for publication.

"Very truly,
"S. V. DUKE."

"Jacksonville, Fla., April 16, 1906.
"Mr. J. H. Truby,
"Dunnellon, Fla.

"Dear Truby:—My attention has been called to the business transactions of the settlement of the liquor licenses for the unexpired time that were owned by parties in Alachua county, and which business was placed in my hands through your instrumentality, in which it seems that Senator McCreary has been connected as a party who was to be compensated in some way for assisting in the adjustment of these matters.

"My understanding is that Mr. Duke, who was one of the interested parties in these claims, has made some statement relative to these matters. From all that I can learn, I think this statement was made under a wrong impression, and under unfortunate circumstances, and no use of the same by any parties should be made, as it would be doing an injustice to Mr. Duke and others.

"My connection in the matter was entirely that of an attorney-at-law, and I was compensated fully by you in accordance with agreement for my services rendered.

"Senator McCreary's connection with this matter was that of a legislator who supported the bill in its passage. As to any improper connection by Senator McCreary, I know of nothing. With best wishes, I am

The Metropolis of Friday has the following regarding the marriage of two popular young people, the bride being well known and popular in this city and section. Friends will extend congratulations:

"The wedding of Miss Alexina Elmore to Mr. William L. Gardner of Columbus, Miss., was solemnized yesterday afternoon at six o'clock at St. John's Church by the Rev. Van Winder Shields. AN ENJOYABLE TRIP.

Physicians Visit Spring Park Farm at Invitation of Manager Callison.

Through the courtesy of Manager N. A. Callison of the Spring Park Stock Farm Company, who also supplied the means of transportation, a large number of physicians, members of the Florida Medical Association, visited the farm Thursday afternoon.

There were six carriages, all well filled, and the drive proved a most enjoyable one, the woods being especially beautiful at this season of the year.

The party enjoyed the hospitality of their clever host for more than an hour, being shown about the farm. They admired the fine registered cattle and other stock, which they declared to be as fine as they had ever seen anywhere.

Just as the party was about to make its departure, a vote of thanks was tendered Manager Callison, with an assurance of the highest appreciation of the party, collectively and individually.

The bones of Jones, or some other fellow, will be laid to rest on the 24th. It don't matter much to Jones.

Hon C. L. Bittinger of The Ocala Star is said to be making a record-breaking race for the Legislature.

The mayor of Monticello is bound to put the blind tigers out of existence at that place, if heavy fines will do the work.

During the past week there has been sixteen factories started in the South having to do with the manufacture of cotton.

We don't hear so many kicks by husbands about Easter hats being so high this season, since the Panama hat is held at from $12 to $20 per.

The Senate has passed the House bill to provide for the purchase of metal and the coinage of small change. It will be very convenient to get even a little more small stuff.

The man who has compliments to bestow generally gets around very slow, but if he has a kick coming you will generally find him sitting on the front steps waiting for you to arise.

A new railroad will be built across Mexico from East to West, and it will open up a new territory. The promoters are Englishmen and the region to be traversed is now without railroad facilities.

The railroads of Florida might get more trade to Jacksonville if they would give excursion rates when the home team plays ball in that city. Jacksonville business men ought to work up the scheme.

The Democrats of Russia have been successful in the recent election. Now if we could only get a few thousand of them to locate in Pennsylvania the country would be surely saved, with the reform movement in Philadelphia to help them out.

The Tampa Tribune says that from every quarter of the State come nauseating and horrible reports concerning the treatment of convicts in the turpentine camps. That will be a matter for the Legislature to consider, but in the meantime Governor Broward should give the matter a little attention.

When the railroads want to make their earnings show up small they simply take the surplus funds and make improvements on their property. There might be some improvements made around the property of some of the roads in this city and possibly a new building or two, if they desired to make a small showing in net earnings.

Never in the history of the world has there been such a terrible calamity as that which has befallen the people of California. Many of the beautiful cities of that State have been utterly demolished, thousands killed and the property loss amounting to many millions. In many instances people have been reduced to poverty and the suffering will be beyond conjecture.

MUSICAL FESTIVAL.

The idea of a Spring Musical Festival for Gainesville, which was suggested by Dr. Clarence B. Strouse a few days ago in The Sun, is a most timely one and should meet the approval of every enterprising citizen, and the people of the surrounding country would no doubt enter heartily into the project. Many cities of the North and the South have these festivals and they are the most pleasant of any that can be conceived. There is nothing so inspiring as good music, and the only objection by any person is that they are not educated up to it. A person to enjoy good music does not necessarily have to be a graduate of a musical conservatory. The person who says that opera music is too fine for them, does not know, perhaps, that many of the simple songs of their mothers, which are sung to the children, are taken from the fine operas and modified a trifle. Some of the tuneful music of the opera of "Martha" is set to words that we hear children singing most every day. If we could only hear more of such music that we heard at the concerts of the Abel orchestra we would soon learn to detect the harmonious tones from the trash that is imposed upon the people at the present time in large doses.

A spring musical festival would be a grand thing for everybody, and as beautiful flowers go with choice music, we might add a flower festival, and every spring have a musical and flower festival. In many places these festivals are enjoyed, a floral parade being given on the opening day, and the most handsomely decorated turnout receiving a prize.

A spring musical and flower festival would bring hundreds of people to Gainesville, and in a few years would bring thousands, to witness the grand street pageant and musical program, and there could be no more refined and elevating event held in this or any other city. With Dr. Strouse to push the matter, it would be a success.

PERSONALITIES IN POLITICS.

There is a growing sentiment throughout the country in favor of clean politics, and the time will come when a greater per cent if not all of the "dirty work," personalities, etc., that have characterized politics for ages past, will have been eliminated, and men will go before the public depending upon their own qualifications, character, etc., and not upon a tirade of abuse and assaults on the other or opposing candidates to accomplish recognition.

The man who indulges in personalities by abusing his opponent in a political campaign is a man to be shunned, to be despised, to be feared. He is not sincere. He is black at heart and corrupt in thought. The records of such men will not, and have never stood a test. The public in general have no use for men who conduct their politics upon a line of personalities. This, we believe, every politician knows and realizes, yet they allow such a feeling of hatred, contempt and indignation to grow in their minds against any man or men who oppose them for an office that they can see no way out of it but to attack the character and personality of those who in all probabilities have sinned a great deal less than they have.—Miami Metropolis.

There is no need of enacting new laws against lynching, until we can enforce the ones we now have. If the laws that are now on the statute books of every State were enforced there would soon be a stop to the practice. But it is not and there will be lynchings just so long as there are heinous crimes committed, which the courts are slow to act on and punish the perpetrators.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

WILL ENFORCE LAW.

For several days there has been in circulation a rumor that seems to have some basis in fact, to the effect that many of the laborers now engaged on the extension work are to be registered for the purpose of influencing the coming primary in this county.

That several of such men have been run in and registered can scarcely be doubted.

That it is unlawful and will subject the perpetrator as well as all who have had a hand in procuring illegal registration and voting to severe penalties cannot be gainsaid.

A strong organization has been formed to watch for illegal registration and unlawful voting and woe betide the man who attempts it, or those who procure it to be done.—Miami Record.

The Baltimore American says: "Mr. Carnegie's assertion that he was kissed in Atlanta by force will cause a new marching through Georgia to the scene of attack, for the male population of the nation contains a goodly proportion of the brave and daring who seek danger for danger's sake, and will gladly face the osculatory perils from which the second—if involuntary—Hobson declares there is no protection in Atlanta for a lone man except his own presence of mind in warding off attacks."

There are about forty witnesses to be examined and much interest will be manifested, and every point in the case closely contested by both sides.

WORK ON SEWERS ON IN EARNEST

Large Force of Workmen Engaged and Pipe-Laying Has Begun.

IT WILL BE A FINE SYSTEM

The Contract Provides for Twelve Miles, and Seventy Carloads of Pipe and Forty of Brick Will Be Required to Complete Same.

Matters are looking up in Gainesville, as regards the construction of the sewerage system, and a large force of men are already engaged on the work. The laying of the pipes has already begun, several hundred feet having been put down on East Depot street.

It will require seventy carloads of pipe to complete the system, which provides for twelve miles of sewer. About forty carloads of brick will also be employed.

Contractor Beeman, who is personally managing the work, states that it will be completed in about nine months.

The third carload of piping arrived Friday morning, and a force was put at once to work unloading same and distributing it along the various thoroughfares where it will be needed

THE VEGETABLE MOVEMENT.

Cabbage Going Lively—Heavy Shipment of Beans Will Soon Begin.

The cabbage movement, especially from points along the Gainesville and Gulf, where the crop has been heavier this season than for several years, continues heavy, several solid carloads passing through Gainesville daily. The prices up to recently have been good, and cabbage growers are satisfied with the general result. The market has declined slightly, owing to the heavy markets, but it is anticipated that a scarcity, which must naturally prevail before a great while, will have a tendency of a rise in price.

Mrs. Van Taylor, who owns a truck farm at Rocky Point, was the first to ship beans, she having consigned five baskets by express to New York on Tuesday. The crop will be heavy, and it is anticipated that within the next few days shipments will be lively.

The cucumber crop also promises to prove prolific, and the quality will be good. They will begin to move in about two weeks.

In all, the diversified crops for the season have been good, and as a rule have realized profitable returns to the grower.

ACCIDENT TO PHYSICIAN.

Pistol of Dr. M. H. DePass Disicharged, Ball Entering Leg.

Information reached this city by telephone Friday afternoon to the effect that Dr. M. H. DePass of Archer had accidently shot himself at his home. The information stated that Dr DePass, in hanging his coat, a pocket of which contained a pistol, on the back of a chair, the hammer came into contact with the wood with such force as to cause the discharge of the weapon.

The ball penetrated a lower limb, but fortunately the wound is not serious, and the patient will be enabled to resume his practice in a short time.

Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

LETTER FROM JUDGE CARTER.

Explains His Platform, Which is Open and Frank in Character.

To the Democratic Voters of Alachua County:

Owing to the State Executive Committee having called the primary election at so inconveniently early a date, and the spring term of the circuit court being in session and the obligations I have assumed for clients requiring my attendance thereon, I will not be able to make a personal canvass of the county in the interest of my election, and therefore adopt this method of acquainting the electors of Alachua county with myself, and what I shall advocate if elected as one of their Representatives.

I have been a resident of the counties of Levy and Alachua for many years. I served as Superintendent of Public Instruction in Levy county, and also as a member of the Constitutional Convention, when I was placed on the judicial and educational committees. I was a member of the Legislature from Alachua county in 1891, and was a member of the judiciary committee and was also made chairman of the joint committee of the Senate and House on the revision of the laws, subsequently I was prosecuting attorney for Alachua county's court for two years, and State solicitor for the old Fifth Judicial Circuit for eight years, and have always been an active worker in the Democratic party. For the past ten years I have been engaged in the raising of improved breeds of cattle and hogs, the planting of crops, as well as the practice of my profession.

The very great interest I feel in securing the location of the State University in Alachua county for all time to come, and the conviction I entertain that the main feature of the Buckman bill is beneficial and will greatly aid the cause of education all along the line, has induced me to enter the field of politics and again become a candidate before the people. If elected, I shall guard every measure affecting the interests of Alachua county with increasing vigilance, and promise to devote whatever energy and ability God may have blessed me with to the advancement of the educational, material and industrial interest of the people of the entire State.

My experience as State attorney has pointed out to me a number of defects in criminal procedure that, if elected, will receive my attention. I confidently believe that I can so shape legislation as to very materially reduce the expense of criminal prosecution in our county, while at the same time maintain its efficiency.

As a truck-grower I have personal and painful knowledge that the present Railroad Commission has not protected us against the extortionate rates of the railroad, express and refrigerating companies. If the fault is in the law, I want to see it amended and strengthened by the next Legislature. If the fault is in the commissioners I hope the people will see that there is a change at the coming election. I am a firm believer in governmental regulation of transportation in rates of common carriers and of municipal ownership of unmerciful public utilities, and shall favor measures of legislation embodying that principle.

The recent scandalous developments in the management of the great life insurance companies emphasizes the necessity for the State's making some provisions to secure cheaper insurance, which, at the same time, will be safe and sound. If elected I expect to give this subject thoughtful consideration in the hope that the obstacles to proper legislation along this line may not be found to be insurmountable.

The present condition of the internal improvement fund, its past and present management, should be known to all, and as a member of the Legislature, I will not be content until there has been a full, fair and exhaustive investigation and public report.

It occurs to me that the county commissioners should be selected from the commission district by the qualified electors of that district, and unless I am shown that I am wrong in my opinion, I shall favor an amendment of the primary law to that effect.

There are many other matters of importance to the people that I cannot allude to here, but hope to have the opportunity of referring to before the end of the primary contest.

I have no future political ambition to subserve. I expect this to be the last time I shall ever solicit the suffrage of my fellow countrymen. My only ambition now is to serve the people of Alachua county so well in the coming Legislature as to in some measure atone for any errors and mistakes I may have made in the past; and at the end of the session return to the practice of my profession and give the necessary attention to my little farm.

Very respectfully,

SYD L. CARTER.

THE DELLS RECEIVE.

A Most Happy Reception at the Home of J. M. Dell.

One of those most delightful social functions of the season was the reception given at the pleasant residence of J. M. Dell, 408 South Roper avenue, by Mesdames J. M. Dell, Jr., and Sam Dell, in honor of their guests, Miss Potter of Ocala and Miss Truby of Starke, on Friday afternoon. The day was perfect and the occasion was in keeping with the weather.

Every detail was arranged with great care, and the whole affair a perfect success. As the guests arrived they were received at the door by Mrs. J. F. McKinstry, Jr., and Miss Scarratt, who gracefully escorted each lady to the hostesses, Mrs. Sam Dell appearing very charming in a blue silk gown of crepe, trimmed in Mechlin lace, Mrs. Dr. Dell in a blue silk with Irish point lace. The other ladies in the line were Mrs. S. M. Davis, in a lavender soiian, trimmed with white lace; Miss Truby, in white China silk trimmed with ribbon and lace; Miss Potter, with white embroidered net over white silk; Miss Alice Nichols, in figured dotted Swiss, insertion and lace; Mrs. J. W. McCollum, white organdy, trimmed with lace; Mrs. W. M. Johnson, white pointe esprit. Each appeared most charming, and as the parlor was decorated with white and green for the scheme the scene was most attractive.

Mrs. Jordan conducted the ladies to the punch bowl, which was a decided novelty, being a large cake of pure ice, on the inside of which was frozen a bouquet of poppies. The ice rested on a table and at either end was a large hole dug out which contained the ice cold beverage, which was served by the deft hands of Misses Colclough and Bodiford, both attired in white China silk gowns.

Mrs. W. B. Taylor escorted the guests to the refreshment parlor, which was tastefully trimmed, the scheme being red. A large bell of poppies hung over the table, which was also ornamented with drapes of vines arranged in pleasing festoons with a number of candelabra on the table burning green candles. Here Mrs. Warner and Mrs. Chesnut served the guests with cake and ice cream of a fine quality.

In a cozy nook Miss Ida Burkhim presided at the piano and Miss Pansy Souter, with her violin, assisted her in discoursing sweet music, which added much to the enjoyment of the occasion.

The large number of ladies present all seemed to enjoy the function to its fullest.

Shot During Poker Game.

Atlanta, April 20.—An alleged theft of four aces in a poker game, where four aces beat the deck, straight and royal straight flushes and the joker and the possibility of five deuces being barred, may yet result in the death of W. The two men, with several others, were playing pocker on the banks of the river at the Western and Atlantic bridge Wednesday night, when the alleged theft of four aces occurred.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,
JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.
Very respectfully,
Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and ehergetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.
THOS. W. FIELDING.
Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.
JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of 20th inst., the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate. H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully, H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.
WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county.
Respectfully, THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.
Alachua, Fla. CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.
ROBT. E. DAVIS.

S. L. Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.

For County Treasurer.

To the Democratic Voters of Alachua County:

I hereby announce myself as a candidate for County Treasurer, subject to your action at the primary of May . If elected, being familiar with the duties of the office which I hold through your suffrage for three terms, I promise you a faithful and efficient service. And will make monthly accounting to you by statement at my own expense. Respectfully,
R. B. PEELER.

To the Voters of Alachua County:

I want to be County Treasurer, and hereby announce myself as a candidate. I will appreciate the support of the Democrats in the county at the primary on May 15, and promise a full obedience to the duties of this office, one of the most important in the gift of the people. Respectfully,
Trenton, Fla., March 13, '06. T. J. LOVE.

For Tax Assessor.

desire to announce my candidacy for re-election to the office of Tax Assessor of Alachua county. With the experience I have had in this position I can confidently promise to render satisfactory service. Earnestly soliciting the votes of all Democrats at the coming primary, I am yours to serve impartially,
WILLIS W. COLSON.

To the Democratic Voters of Alachua County:

I hereby announce myself as a candidate for County Tax Assessor, subject to your action in the coming primary on May 15. If elected I promise to exercise my best effort to fulfill the duties of the office faithfully and efficiently. Respectfully,
Gainesville, April 7. L. T. ROUX.

For Tax Collector.

To the Voters and Tax-Payers of Alachua County:

I take this method to publicly thank you for the very liberal support you have given me in the past, and to announce my candidacy for re-election for ensuing term to the office of Tax Collector of Alachua county. The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective. Assuring one and all it shall be my constant effort to discharge the duties incumbent on the office with faithful patience and honest fidelity.
Yours very truly,
